# What is an IPO?

---

An initial public offering (IPO) is the process where a company **issues a stake of its ownership** to the public for the first time.

Investors who wish to gain ownership in a company **subscribe** to the company's shares.

# Benefits of Listing

## Enhances Company's Public Profile

IPOs can be effective branding and marketing tools as they attract media interest. Listed companies are regarded as industry leaders in their respective sectors.

## Debt Limit Enhancement

Banks improve loan limits with competitive interest rates to listed companies with higher paid up capital or Equity

## HR Capital

Highly skilled employees are attracted to listed companies. Moreover, companies can offer Employee Stock Options to their existing work force.

## Raise Long Term Working Capital

For funding expansions, mergers, working capital requirements, etc.

## Improved Relations with Bankers and Suppliers

Due to the requisite of making financial accounts public and disclosing all price sensitive information, the banker's and supplier's trust on the company enhances.

## Higher Company Valuation

For valuation of a public listed company all stakeholders use market value rather than book value which is mostly higher

## Business Continuity and Succession Planning

Listing makes transition from first generation to the next hassle free
