

**NOTICE FOR TRE CERTIFICATE HOLDERS/SECURITIES BROKERS**  
**REVISION IN PSX TECHNICAL SERVICES CHARGES**

Pakistan Stock Exchange Limited (PSX) remains committed to providing a robust and efficient trading platform, along with high-quality support services at competitive rates. This commitment continues to guide our efforts now and in the future.

However, due to prevailing inflationary pressures and a significant increase in the costs associated with hardware, software, and other operational expenditures, PSX is compelled to revise its technical services charges. We kindly seek our valued clients' understanding and continued support in this regard.

After thorough consultation with key stakeholders, PSX has finalized a revised schedule of technical services charges. The updated schedule, reflecting service-wise rates is enclosed with this notice and is also available on the PSX website.

Despite ongoing financial and operational challenges, PSX has endeavored to extend maximum possible subsidies across its IT services to minimize the impact on clients.

The revised charges will come into effect from **July 1, 2025**.

In case of any query or feedback, please feel free to contact ITSS via email at [itss@psx.com.pk](mailto:itss@psx.com.pk) or helpline numbers at your respective locations, mentioned below.
