* These are provisional rates for dividend purification, which are subject to final adjustment upon announcement of

Only illiquid Assets to Total Assets and Net Liquid Asset ratios calculated of all Islamic Financial Institutions

***As debt ratio exceeding slightly the appoved threshold, therefore considered as Compilant

While calculating HUBC's income ratio, China Power Hub Generation Company (CPHGC) which is an associated investee company of HUBC whose revenues are consolidated with HUBC's revenues upto the the extent of HUBC's investment.

As these are from service based sector, therefore their fixed assets are not significant in value therefore, these are

As these are from service based sector, therefore their fixed assets are not significant in value therefore, these are considered as Compliant and relaxation provided over illiquid assets to Total Assets ratio and Net Liquid Asset per share.

^ As fixed asset ratio is marginally declining the approved threshold, therefore considered as Compliant

^^ These are considered compilant due to the significant inrcease in circular debt / current economic situation, their receivables are significantly increased & share price reduces below the net liquid asset per share.

^^^ Due to current economic situation, circular debt and interest rate significantly increased therefore, it is considered as Compliant till next shariah screening period. However dividend purification rate will be same as actual.
