The responsibility for compliance with the Regulations is that of the Board of the Company. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board for its review and approval, the related party transactions.
